

# Grass Paver

Quality you can see through.

Heavyweight strength with a lightweight look

County Materials' permeable Grass Paver prevents erosion by stabilizing the soil while keeping an eye on your budget ... and the environment.

Grass Paver  
16" D x 3 5/8" H x 24" L

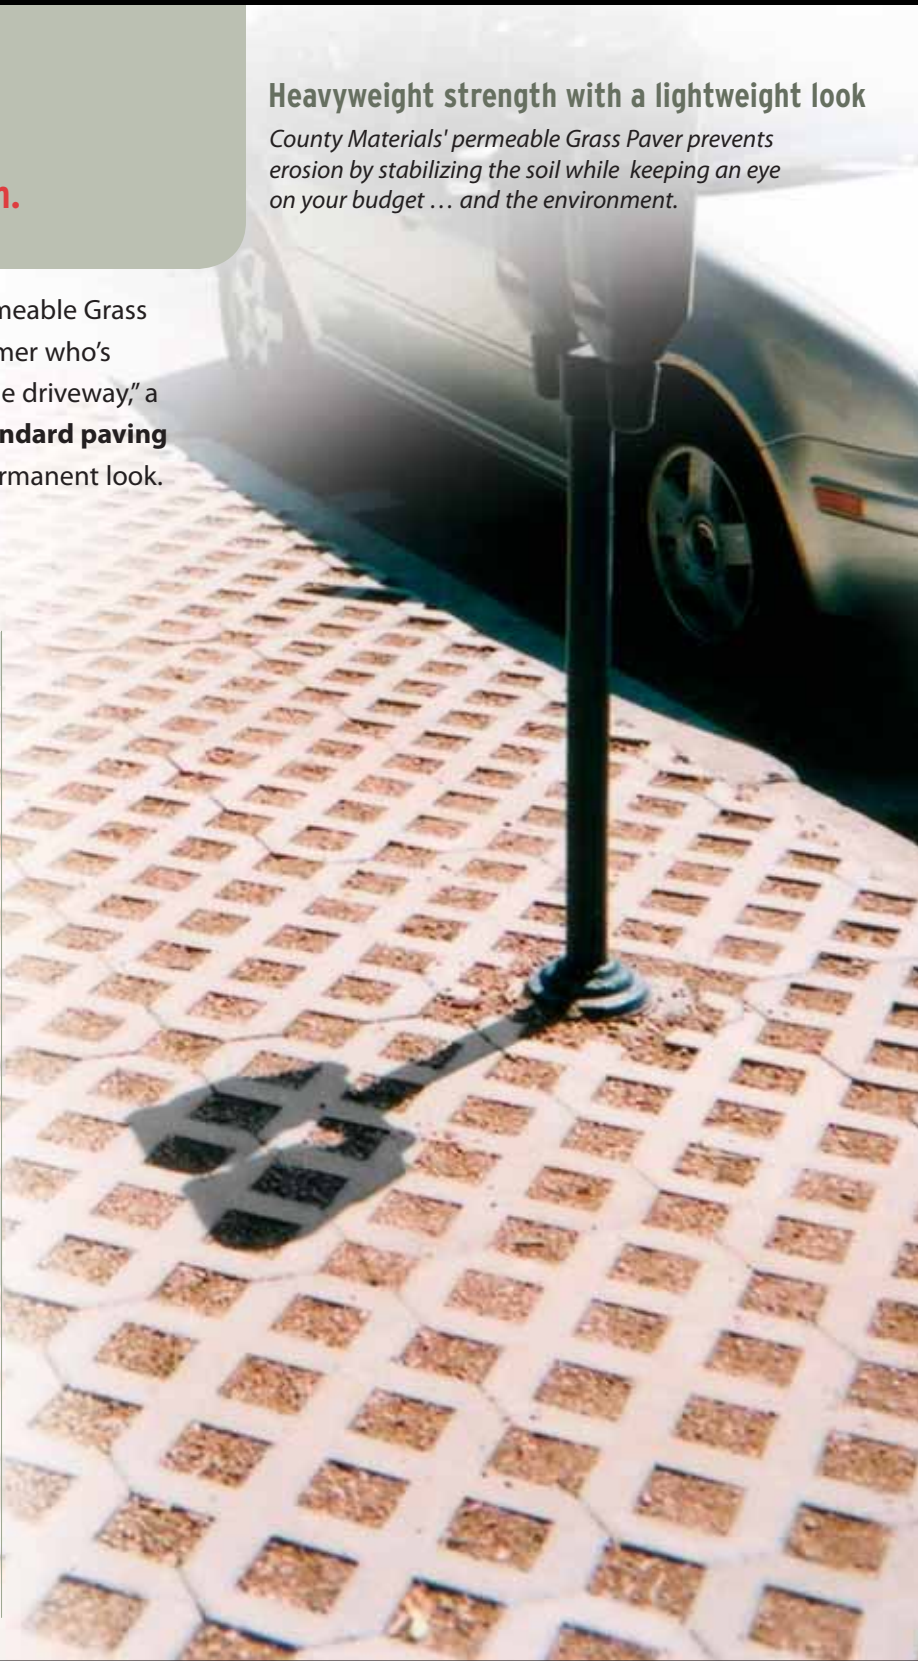

County Materials' permeable Grass Paver is for the consumer who's looking for an "invisible driveway," a **path as strong as standard paving** without the heavy, permanent look.

## Grass paver features:

- > Concrete lattice features 50 percent open weave in 16- by 24-inch block.
- > Plant grass or gravel in block's open cores.
- > Lets storm water return to the local water table more quickly.
- > An economic intermediary between gravel and full concrete.
- > Ideal for RV/boat parking areas.
- > Good for driveway to a backyard storage shed.
- > Use at boat landings.
- > Helps keep local aquifers free of potentially harmful chemicals of asphalt.

## Grass Pavers are the ideal solution for municipal, commercial projects.

The Grass Paver by County Materials is large enough to accommodate any job, big or small. It's wide enough for a comfortable, easy-to-install walkway while easily piecing together with other units for more ambitious projects such as driveways, boat landings or parking areas. In any capacity, Grass Pavers are ideal for quickly returning groundwater to local aquifers.
