

Bulk Bag Aggregates and Sands

County Materials' bulk packaging for aggregates and sands will save you time, money and material waste, and minimize cleanup.

We offer a wide range of decorative and base aggregates and sands that can be packaged in woven, flexible, returnable single trip bulk bags, the ideal solution for shipping, handling, and storing of bulk aggregate materials.

Both contractors and do-it-yourselfers find bulk bags easier to use and a cost-effective way to get materials to any job site. For large-scale projects, or for sites where you can't access heavy equipment to haul in materials, bulk bagged materials offer great convenience. You also save money by combining bulk bags with other palletized materials on one truck.

Our pre-packed bulk aggregate products are stocked in most of our locations, and we have the ability to arrange 'direct to site' deliveries of loose aggregate from our yard. Ask your County Materials' sales representative for product details and availability.

Aggregate Examples:

Basin Blue 1/2"

Copper Springs Stone 1/4"

Multi Purpose Gravel

Pea Stone 3/8"

River Rock 3/4"

River Rock 1/2"
