

Grand Milestone Pavers™

The scale and stunning color blends available in Grand Milestone Pavers will have you rethinking traditional concrete pavers. The clean lines of Grand Milestone Pavers make a simple yet bold statement with grand proportions. Their larger dimensions suit expansive driveway and courtyard applications and add vibrancy to quaint outdoor kitchens.

Use the three lengths of Grand Milestone Pavers on their own for a contemporary presence in residential and commercial applications, or integrate them together with the 10 sizes of smaller scale Milestone Pavers for a cohesive and distinctive effect.
