

Tribute[®] Retaining Wall System

The Tribute Retaining Wall System is engineered for ease of use and maximum versatility. Each solid block is constructed with multiple pin grooves on the top surface that allow for a combination of retaining and freestanding wall options, including vertical, stepped out or set back applications. Units can be efficiently split in

half in the field to construct pillars or other wall accents, a perfect finishing touch to any project. With its countless design capabilities, Tribute Retaining Wall units are the premier choice for simple to ambitious landscape applications, including freestanding seat walls, steps, terraces and slope protection.

Product	Size D x H x L (inches and mm)	SF/ Unit	Units/ Pallet	Lbs./ Unit	Lbs./ Pallet
