

Integrity™ Retaining Wall System

Colors manufactured in Roberts, Wis. Plant

Manufactured in the USA by

October Oak

The Integrity™ Retaining Wall System is a practical solution for even challenging applications, including multi-level terraces and slope protection. Each system is manufactured to ensure efficient installation, increased stability and lasting durability.

Available in the following colors and textures:

Canyon Brown

Splitface

Canyon Brown

Gray

Graphite

Silvertone

October Oak

The color photos shown were prepared with careful attention to accuracy. However, colors shown may vary from actual hues and should only be used as a guide. Refer to actual product samples for final color selection. Because concrete units are manufactured with high quality, naturally-mined aggregates and materials, variations in color or shading should be expected in products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry.

Call for color availability in some markets.
