

Concrete Stamping

Tools & Supplies Rental Program - Central Region

County Materials offers a collection of Butterfield Color stamp patterns and supplies that are available for rent to concrete professionals.

The combination of County Materials' beautiful integral colored concrete with Butterfield Color's unique coloration and hand-crafted stamping system produces results that rival nature, featuring life-like stone and other textures. From interior flooring to exterior hardscaping, nothing compares to the versatility and reliability of colored and stamped concrete.

Contact your County Materials' sales representative for more information on available stamp patterns, rental pricing and arrangements. Additional stamp patterns are available by special order.

County Materials' knowledgeable and skilled sales staff is available to assist with your selections, or to customize colors and stamping supplies to meet your specifications.
