Grand REVERENCE PAVERS in Allure

Grand REVERENCE PAVERS™

The color photos shown in this catalog were prepared with careful attention to accuracy. However, colors shown may vary from actual hues and should only be used as a guide. Refer to actual product samples for final color selection. Because concrete units are manufactured with high quality, naturally-mined aggregates and materials, variations in color or shading should be expected in products that are manufactured at different times and in units having different shapes. This color or shading variation is acceptable in the industry.

COUNTY MATERIALS CORPORATION

Grand REVERENCE PAVERS

4 INCH | 3-PIECE SLABS

Grand REVERENCE PAVERS™ from County Materials offer a cost-effective alternative to natural stone, delivering a refined, high-end designer aesthetic backed by the unmatched advantages of Sentinel Sealed Technology™. Unlike natural stone, which requires hand-setting each piece—sometimes multiple times—and the use of tile spacers for proper alignment, Grand REVERENCE PAVERS offer a precise depth tolerance, simplifying installation and reducing labor time. Grand REVERENCE PAVERS deliver the authentic look and feel of natural stone through a bush-hammer finishing process, creating the elevated appearance designers seek without the complexity of traditional stone.
